Once again, the match took place as part of Yes2Chess and was supported by Barclaycard in both Hamburg and London. Five players from the charity's project in Newham came to the CSC offices at Baker St to play children from Hamburg on the ChessBase Yes2Chess server and Dave Chan CEO of Barclaycard Europe made the ceremonial first move for the team in London.

Ofsted recognises chess's role in children's social development

15.5.15 - Bradford Central PRU (Pupil Referral Unit) received an Outstanding grade in their February 2015 Ofsted inspection, and the school's CSC programme was given particular praise. The section of the report that discussed the safety and behaviour of the pupils – which was also deemed 'outstanding' – said the following:

"Inspectors were extremely impressed by student's attitudes when observing the weekly chess sessions, where all students spend up to an hour learning and playing chess with each other and staff. These are special moments and contribute hugely to students' social development.

The charity began work at Bradford Central PRU after a referral from a school in Leeds, where the charity has been working for four years. After an initial year under the tutelage of CSC's Leeds and Bradford Coordinator, Winston Williams, Bradford Central PRU took on the teaching themselves, creating a worthwhile and sustainable programme that we are delighted to have been recognised by Ofsted.

First birthday reception for the charity Chess in Schools and Communities 18 October 2011

Rachel Reeves MP, Member of Parliament for Leeds West, hosted our first birthday reception in the Jubilee Room at Westminster on Tuesday. A huge thank you to Rachel who recently visited one of our schools in her constituency to give a simultaneous display. Despite not having played competitively for many years, she remains a very good player and even Garry was impressed.

Children from Teesside, Leeds, Manchester, Liverpool, Swansea, Cardiff, Bristol, Barnet, Hackney, Newham and Hammersmith and Fulham were accompanied by their teachers and parents. Every child got the chance to take on Nigel Short in a simultaneous display. Rachel spoke about how learning chess at an early age had helped her. CSC are also grateful to the 13th World Champion Garry Kasparov who came to London and spoke at the event as well as making many media appearances. Thanks also to Nigel Short who played the children and a few MPs without losing a game!

Grandmaster Jonathan Rowson and our Field Worker England international Sabrina Chevannes, also made some moves. There was an outstanding performance from Matteo Walls of William Patten School in Hackney who nearly drew. I played a few moves and came to his board to find the position completely equal after about 30 moves – well done!

Rachel's colleagues in the Labour Shadow Cabinet; Angela and Maria Eagle also attended the event. They, like Rachel, were strong junior players but in my home city of Liverpool.
